ACCESSORIES

Rival Bonnet Struts

Drivetech 4x4 Bonnet Struts by Rival are a new addition to the Accessories range and are now available. These Bonnet Struts allow ease of opening and closing of a vehicles bonnet. Quite often it can be a task to open a heavy bonnet and keep it up if your vehicle is fitted with a bulbar, lights and aerials.

This product eliminates any difficulty in this task and gives a clear path to any maintenance in the engine bay.

Each kit comes with everything you need to install this product successfully.

- Made in Russia using high quality German gas struts
- Precisely designed for best fit possible
- No drill installation

Application	Part Number
Mitsubishi Triton ML,MN	DT-BS002
Mitsubishi Triton MQ	DT-BS001
Nissan Navara D40 & R51 Pathfinder	DT-BS004
