Toyota Timing Belt Kit For Machined Cylinder Heads

Tru-Flow has introduced new Timing Belt Kits for various Toyota applications with machined cylinder heads.

If the head is machined on some of the older model Toyota vehicles, the timing belt needs to be shorter. Tru-Flow has worked together with Conitech to engineer a belt that works perfect for these vehicles.

- **TFK013S** - without water pump
- **TFK013PS** - includes water pump

ContiTech

Vehicle Applications

TOYOTA

Caldina	ST215	2.0L 3S-FE
Camry	SDV10R, SXV10R, SXV20R	2.2L 5S-FE
Camry	SV21R, SV22R	2.0L 3S-FC, 3S-FE
Celica	ST162	2.0L 3S-FE
Celica	ST184R, ST204R	2.2L 5S-FE
Corona	ST171, ST191	2.0L 3S-GE
Rav4	SXA10R, SZA11R	2.0L 3S-FE
Spacia	SR40R	2.0L 3S-FE

TFK013S

TFK013PS
